Susan and Carmen:

Here is what I ended up sending up. This added Coast Guard and TCEQ as you and I talked about, Susan. I'll check with HQ to see if they modified or not.

Statement:

EPA was notified by the National Response Center on Saturday, November 15, 2014 that the DuPont Laporte facility reported a release of Methyl Mercaptan from its facility. Emergency responders are on-scene including the Channel Industries Mutual Aid, the US Coast Guard, Texas Commission on Environmental Quality, county officials and EPA. Air monitoring is being conducted and initial results have not shown elevated levels of the chemical beyond the facility.
